

Commercial Kitchen Safety Training Online Course

Overview

This course is designed to provide you with the knowledge and skills necessary to be part of a safe working environment in commercial kitchen settings. Whether you're a chef, kitchen manager, or kitchen hand, understanding and implementing proper safety protocols is essential for preventing accidents and ensuring the well-being of staff and customers. Throughout this course, we will cover various hazards commonly found in commercial kitchens and explore best practices for hazard identification, risk assessment, and control measures.

This course has been designed to form a part of a new staff induction process for commercial kitchens. The course can be customised to suit a particular organisation or kitchen environment.
